

NATICK ANNUAL TOWN REPORT 2012

The front and back covers of this Town Report are graced with the new Natick High School and the new Community-Senior Center, respectively. These projects were funded in large part through debt exclusions approved by the voters of the Town of Natick in March of 2010. The Board of Selectmen and School Committee, as well as the General Government and School Department Administrations are very grateful to the voters and taxpayers of the community for supporting these wonderful projects.

The new Natick High School opened on budget and on time for the 2012-2013 school year. While a final accounting is not yet complete, the project is expected to cost approximately \$80 million, with approximately 53% of eligible costs funded by the Massachusetts School Building Authority. This high reimbursement rate is due to a variety of factors, including the building design, which was based on the MSBA "model school" design program and which includes extensive energy efficiency elements; additional reimbursement points were awarded due to the Town's participation in state-endorsed smart growth initiatives.

The Community-Senior Center opened in October 2012. As with the High School, final costs for this project are not available as of this writing, but will total approximately \$10 million. This facility replaces a Senior Center that had for many years been housed in a former school building that was never well suited for the purpose. This new Center will allow the Town to expand program offerings for our senior citizens as well as to develop intergenerational programming and other innovative offerings to keep pace with the changing needs and demographics of Natick's residents.

Approval of both projects at the same election and their cost-effective completion reflect years of hard work by the projects' advocates as well as the volunteers and municipal officials serving on the building committees. We are grateful to all involved for bringing to the community facilities that will greatly benefit residents of all ages and serve as a source of community pride for many years to come.

The 2012 Natick Town Report is dedicated to John Ciccariello

The 2012 Natick Town Report is dedicated to John Ciccariello, a town volunteer who has been a leader in transforming the community.

John moved to Natick in 1977 with his wife Diane, and they have raised and educated their sons Chris and Joseph here. John has served in many capacities, all focused on delivering results. These include the

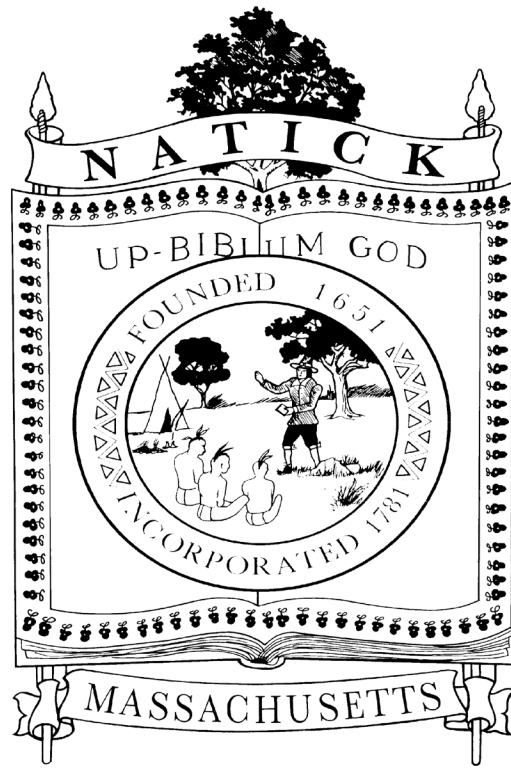

Municipal Complex Building Committee in the 1990s; the Planning Board from 1999-2001; Board of Selectmen from 2001-2010; the Building Committees for the Wilson Middle School, Community-Senior Center and Natick High School; Eliot School Committee; Financial Planning Committee; and Finance Committee since 2010.

John is committed to giving and volunteerism, and appreciates Natick's diversity of perspectives and backgrounds, and our ability to come together behind a common purpose and rise to every challenge.

The openings in 2012 of the new Natick High School and Community-Senior Center, featured on the cover of this Town Report, embody John's civic spirit and vision. These projects are long-awaited and much needed, but what truly matters is the positive impact they will have on the people of Natick for generations to come. John Ciccariello has been a champion of the community for years and it is a fitting honor to recognize him in this report.

233rd Annual Report of the Town of Natick Massachusetts

Year Ending December 31, 2012
